

# PUPP NEWSLETTER

January 2020

We had 10 adoptions in January and these dogs were trained in PUPP.

After a rocky start, Clark and Bailey are finally all settled in Wisconsin. She's worked with a vet to get his tummy issues under control and they have become quite a pair. He is so well and completely loved (by all of us) and he gives it back love and cuddles ten-fold. He's only slightly spoiled with more toys than he can play with. He has several stylish jackets, sweaters and booties for the Wisconsin cold and snow and LOVES being told how handsome he is. He really struts his stuff in his winter wear. He is such a quirky and funny little guy and never fails to entertain. The girls at daycare have coined him "The Clarkinator" and he enjoys going there once a week or so. He was even on the local news with his dog walker one afternoon. Anyway, I just wanted you to know of his happy ending! He's in wonderful hands and couldn't be more loved and doted on!

I just wanted to drop you a quick note and let you know that Pyper is going great. She is a very happy and healthy dog. She is spoiled rotten and I suspect she loves her new home with us. Thanks again for trusting her with us!

Major found a great home with a couple who adopted an older shepherd from us a few years ago. This is his view!

Teddy loves his new home and new toy!

EZ's family taking him on a hike

Esther loves her new family!

Bowie was rehomed.

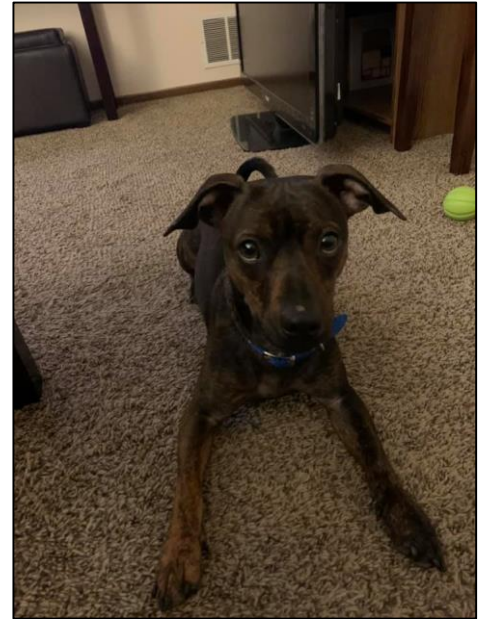

Wally loves both of his new parents equally.

Charlotte is a Daddy's girl.

Daniel had a rough start in his new foster home having accidents inside and ripping up carpet when left alone. After being in the program, he has now adjusted and his foster mom is so in love with him that she wants to adopt him. Loci training did wonders for this little guy.

Daniel wins "most improved" award!

Farris enjoyed getting attention at the latest event.

Vinny and Penelli at our adoption event!
