Rocky is doing so great and is fitting right in with our family. My kids can't get enough of snuggling with him and he is enjoying the 12 miles of walking paths we have been exploring each day. Thank you so much for your help in bringing us together!

Pyper is living the good life. Vacation is every day for her.

Bowie has siblings now. She was moved to another home since her other one had little children and she would dash out the door.
