Vicki and her new Mom

Lila is happy with her new family.

Hi — well after a year and a half — we have a “new” dog: the amazing Gavin! He doesn’t jump on people, has stopped destroying my clothing, and even the vet commented on the difference. We love him so much— you just can’t believe how good he is. We don’t have to cage him anymore when someone comes. And he and I go on lots of car rides. Thank you so much for helping us find this amazing dog. We love him to pieces and he still has a mullet, sort of. The groomer is not as good as yours. Happy Fall and keep up the good work.
