

# PUPP Newsletter

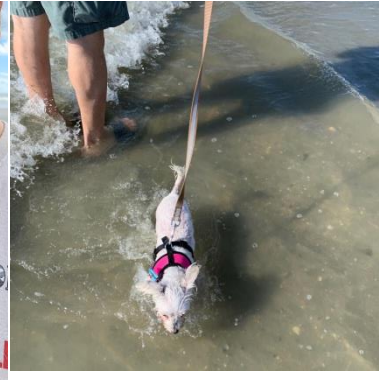

October 2019

We had 16 adoptions in October and these dogs were trained in PUPP.

Tilly and Harlow are doing great; they really love it here. Tilly swims in the pond and Harlow is my bird chaser. I am so glad we took both. Best decision on my part. They continue to have their vet checks and are in great health. Thank you very much for asking. Stay in touch! I have continued to recommend your organization to anyone who asks about rescues.

Here are a few pictures of our trip with Vicki at the beach! She loved the water. We walked three blocks to the beach, then walked the beach and walked back. Well, sometimes I needed to carry Vicki! Vicki actually came out of her shell when walking she wanted to meet everyone including other dogs! She is a great traveler! We had a great time!

Chap had an eye ulcer develop and needed surgery. To the left is Chap wearing the cone of shame after his ulcer was removed. He is fine now.

Buddy and new family

Joker on his way home.

Bronco filled out.

Titan chillin in his foster home.

Ellie Mae and Ruby Rose were living together before we rescued them and were happily adopted together.

Katie looking pretty.

Tyson and Miley celebrated Halloween.
