## December 2022

We here at the rescue wish you and your families a happy holidays! We are so thankful that you have chosen to work in our program and with our dogs, and thanks to your help, we continue to save many more lives! Your training is a game changer for so many dogs, and truly gives them a second chance, where they might otherwise not have had one.

Thank you for an amazing year and here's to even better 2023!

Penny is in love with her family more than ever! She is obsessed with her human sister and brings so much personality to the household. They absolutely adore her!

"Mabel met Santa Clause last night. He said she made the Nice list. Mabel is doing great. She loves people and going on car rides. She is so funny because she pulls blankets off of her dog bed, crate, couch and my bed to drag around the house."

"I adopted Yoshi (now Shelby) in October. She's been such a great addition to our family! She gets along with our cats and plays with them when they are willing and she has a big fenced in backyard she likes to run laps in. But her favorite thing to do is snuggle my husband and I after dinner and show us her belly to get pets. She was super shy at first but now she's realized this is home and we're her people and it's the best."

"I adopted Willie 9 1/2 yrs ago from PRO and he was a participant in the cell dog program. He is now 10+ yrs old, is happy and healthy, and enjoying life in Canal Winchester. Some recent pics are attached The fall and Christmas pics were taken by his groomer."

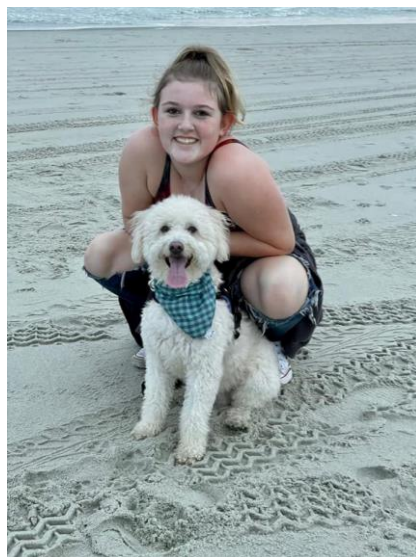

Jerry was adopted again, and we think this time it'll stick! They are getting him back on his routine and following all of the training advice we provided them. We think he's in good hands now!

“We adopted our girl Joanne now Joannie in October 2014. She was 13 weeks old. She is thriving in our home, and I am thriving because of her. Thank you for all your efforts in her early training. She completed advanced training at the age of 3. She loves to travel, having been in 17 States traveling by both car, plane and RV.”

“Scotty (fka Barkley) turned 3 this past November. He is a graduate of the LOCI prison program! He is happy and funny! He loves my grandson and we all love him so much!”

“Bennie was adopted in April 2020 and continues to live his best life with his forever people. This was a few weeks ago south of Myrtle Beach.”

"This Daisy the Weim. She is about 15 1/2 years old. She graduated from the prison program in London, Ohio when she was about 1. She has been the best dog ever, thank you."

"Sadie (formerly Hazy) is doing well and loving life in our home and neighborhood! We are grateful for the prison program that helped her learn some manners and commands. We love her sooo much!  
Merry Christmas to you!"

"CZ graduated from the PUPP Program in 2011. I also had Fletcher too, CZ's brother, but he passed away in 2017."

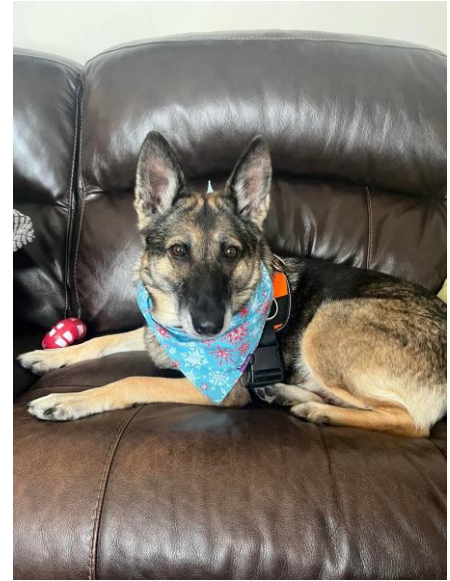

"Here's Zeke in his Turkey tie after a recent grooming. We love our sweet boy!"

"Check out Mr Snoop at Christmas with my kids, nieces, and nephews. Such a good boy!!"

Zola enjoyed the holidays with her foster parents before coming back in for more training! We're excited to see the progress she's made!

"Sammie is a prison program graduate. I got him when he was 1.5 years old and now he's 12! He's the love of my life!"

"This is Gertie. She did not complete prison training program due to Covid shutting it down in late 2020, but she was there for a while. We love her!"

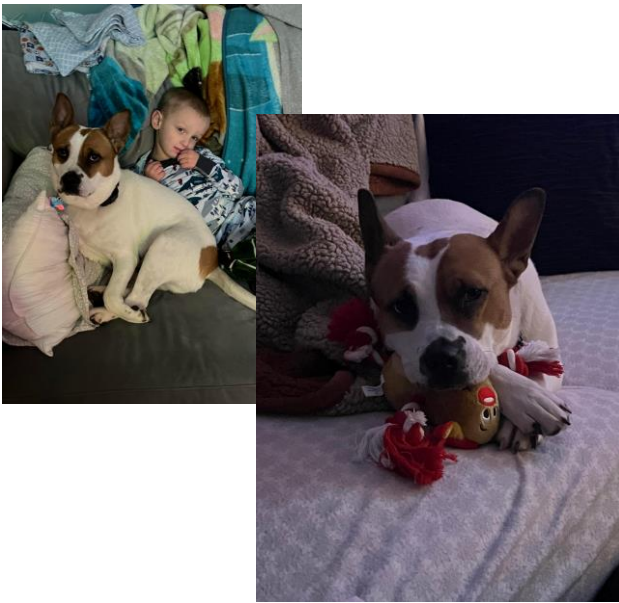

"Our Holly (fka Phoebe) is doing wonderfully. We brought her home mid-November - she was scared and sad at the time. Now she plays with her sister Bella and toys. She loves it when I pet her!"

Banner (fka Roo) is doing extremely well in his adoptive home! They met with one of our trainers on the outside, to continue his training regimen and get up to speed on what he knows, and he did so well! The trainer was very impressed with his foundation and excited to continue working with the family and him! He's getting along great with the kids and goes running every morning at 6am. He's going to be running marathons in no time!

Bane was lucky enough to be selected to be featured on the Rothman & Ice radio show on 97.1 The Fan. Pictured at the right is him with Anthony Rothman, who has been a big supporter of our rescue and especially the prison program. He talks about you all on his show a lot! (Wednesdays around 12pm)

Ricki is doing great in her adoptive home and loves the kids, as well as the other dogs (all chihuahuas!). She has surprised us all with how well-behaved she is!

Juniper got to meet Santa in December too! She's doing very well with her adopter and has been a rockstar in the advanced training classes she's had!

Nellie is still as sweet as can be and had a great Christmas with her adoptive family!

"Burley (fka Bentley). My couch potato is really into now making his bed on the pillows. He is a good boy. Please let his handler know how much we love him!"

Lainey has done so well with her adopters and loves her neighbor pup! They go on walks every day and have bonded quickly!

Biscuit was spoiled rotten like the only child he is for the holidays! He's enjoying every bit of the attention he gets from his new mom, including all of the clothes she has bought him!

Copper and his new sister are a great pair! They wear each other out wrestling and chasing each other in the yard, and it really seems to be a perfect match!

Although Buster didn't get the second chance we hoped for, he still felt the love you gave him for the couple days he was in the program. We are so thankful you were able to give him that!

To Whom It May Concern:

On the 25th of January 2022, I received a very scared and shakey close to only five pounds Maltese named Riley, her name is now DeSiree. She was a raggie mess, wouldn't let people pet or even get near her. Had trouble getting her to eat, still picky. Her hair was all chopped up. Needed surgery for a mass, teeth missing on top. Still has teeth problems, she will get them cleaned in a few months. Thank you for finding this dog for me. It has been a struggle but she now goes to adults and children, thinks everyone should pet her. Will go up to any size dog, doesn't play, she doesn't know how too. She has a quiet spirit, perfect for an 80 year old woman. When she came here she could barely walk 15 minutes, at the end of last summer, she was up to 45. It hasn't been easy, but it has been worthwhile. Thank You for the job you are doing finding homes for dogs like DeSiree.

Hank is still in a foster home, but he's doing okay. He makes progress every week and we're hopeful a patient adopter will turn up soon.

Busta Update - "My sister's kids love him! We renamed him Booker though. It's my favorite bourbon. Everyone loved how well behaved he was around the holiday gatherings."

"Lila and Chai are both still doing great. Chai has calmed down a lot in the house, but still has frequent mega zoomies. Lila usually stands back and watches, but occasionally joins in. That is something to see! As you can see, they very peacefully coexist. Lila has been the most patient and good girl. Chai is stubborn, but has learned that Lila is more likely to play if Chai will "Be nice!"

Our bed is off limits because Chai rearranges the pillows, knocking over lamps, etc. Chai finds plenty of other places to nap besides our and their beds, couch and chair, like the laundry hampers, under the bed, under the desk, and on the support rack of the laundry sorter. "Where's Chai?" is a familiar phrase now.

Riding in the car, even if it is just to turn it around and put it in the garage is a favorite activity. Of course if it ends up being a walk, even better!

Eating and snacks are favorites of both. Chai has introduced Lila into at least trying something. Lila is terribly picky, but will now eat apple and broccoli. There hasn't been anything dog safe that Chai hasn't liked except raw mushroom. She tried hard to eat it, but ended up walking away grumbling. Apples to zucchini, she will eat it! If she even hears the word banana, she comes running.

Lila got take a couple of trips with us while Chai stayed with a friend. The first trip she thought we were taking a walk every time we stopped for a break. And elevators! What is with these moving rooms! And why do we keep changing houses?!!!. The second trip was like she had been doing it her whole life. Being able to sleep on the hotel bed was a bonus!

They are two amazing dogs! Thank you Purebred Rescue and PUPP training program!"

Hi PRO:

Almost 7 years ago (2016) my husband, John, and I adopted our pug, Riblet (then Gabrio) with your assistance. First, we wanted to let you know that he crossed the rainbow bridge Monday night (1/16) in our home surrounded by love. We are heartbroken. We loved him so much. Secondly, we just wanted to write to say THANK YOU! You helped us find and meet our boy. He brought us so much love and fun. He came to us right after we got married and bought our first home together. He was with us 7/11 of our years together as a couple. He was so special. We love him so much. This really hurts but we are so thankful and glad we got him. Thank you for entrusting us with Riblet. The three of us were a pack and we all enjoyed being lazy on the couch together.

In particular, we would like to thank Karen and Joyce for everything they did for us. Karen was our initial contact at PRO and helped us to meet Riblet's foster mom Joyce. Without these two we never would've experienced the love we did for and from Riblet. We also appreciated his puppy prison training. He was so well trained!

I'll also send our first and last family photos. I just want you to know how much we appreciate PRO. Riblet was special. We will miss him every day.

Thanks again for all you do. In the near future, we will be making a financial donation to PRO for the amount of \$250. Please use this as you see best fit. This is how much our adoption fee was for Riblet. So to us, we see it as a way to give someone a loving pup.

Thanks again,  
- Nathaniel & John

All of us at PRO would like to extend a well-deserved

**THANK YOU** for all of your hard work!
