## July-August 2022

We are excited Fall is right around the corner and the weather is becoming more bearable! Hopefully you all will get a break from the heat soon! Thank you for continuing to put time into learning and growing as trainers to help our dogs be the best they can be!

Gemma, our little Australian Shepherd mill mama, was an almost immediate foster fail! Her parents plan to continue fostering for us and so far have fostered 3 dogs for us, including Zola and Phoebe! Gemma will be able to share everything she learned in our prison program with lots of new dogs that come through their home.

Miss Hazy Jane found her happy ending last week! After leaving prison, Hazy walked right into the arms of her adoptive family. She quickly warmed up to the kiddos and then mom and dad won her over with treats! This pretty lady is going to be spoiled rotten in no time!

Penny is doing great with her new family and loves her canine sister Queenie, who is a corgi mix. Penny's human siblings love her too!

West came to visit us at our July 4<sup>th</sup> event and was the perfect model!

Zoey did great with her first crowd of people in her new home at her human sibling's birthday party! Everyone in the family loves her!

Nelly is still doing well and wanted to say hi! They will be starting training soon with our trainer to get her back on track with her prison training.

We rescued Titan from the "sanctuary" on Labor Day weekend 2018 and are so happy to say, he's still in great shape and loving his new lease on life!

Brogan has been hanging out at Ashley's and welcoming all of the foster dogs with open paws! Ricki and Busta made appearances recently and everyone got along just fine. We think Brogan is going to be there for a while ☺

Spice was welcomed by PRO Alum Bodhi and the two are having a blast together! They love each other already, and she's teaching him a few things she learned in prison!

Thomas (the train) was adopted almost 4 years ago and is still such a happy boy!

Rowan's dad reports that he's doing amazingly well and they absolutely adore him!

Saffron didn't come in for training, but she did get a hair cut from you all! She's doing well in her adoptive home, with PRO Alum Fritz (left, front). This puppy mill sheepadoodle has been happy as can be since being sprung from the mill. We're so thankful you help us with grooming occasionally!

Jerry found his forever home and his new parents love him! We hope to get more updates soon!

Puck is enjoying his summer but ready for school to start, so he can have the house to himself again!

Peggie, now Maisie, is obsessed with her PRO alum siblings, and her dad is equally obsessed with all three!

Samantha is doing so well at her new home! Her mom is keeping her on a schedule, crating her frequently, and has gotten her on track with her housebreaking!

Lisa finally replaced the drywall that Thor tore up! 😊

Benny is loving life on the farm with Diana! He's getting along great with all of the dogs in the home and is working on charming the horses next!
